Materials Control Procedures for Issues & Transfers.

ISSUES REQUESTS

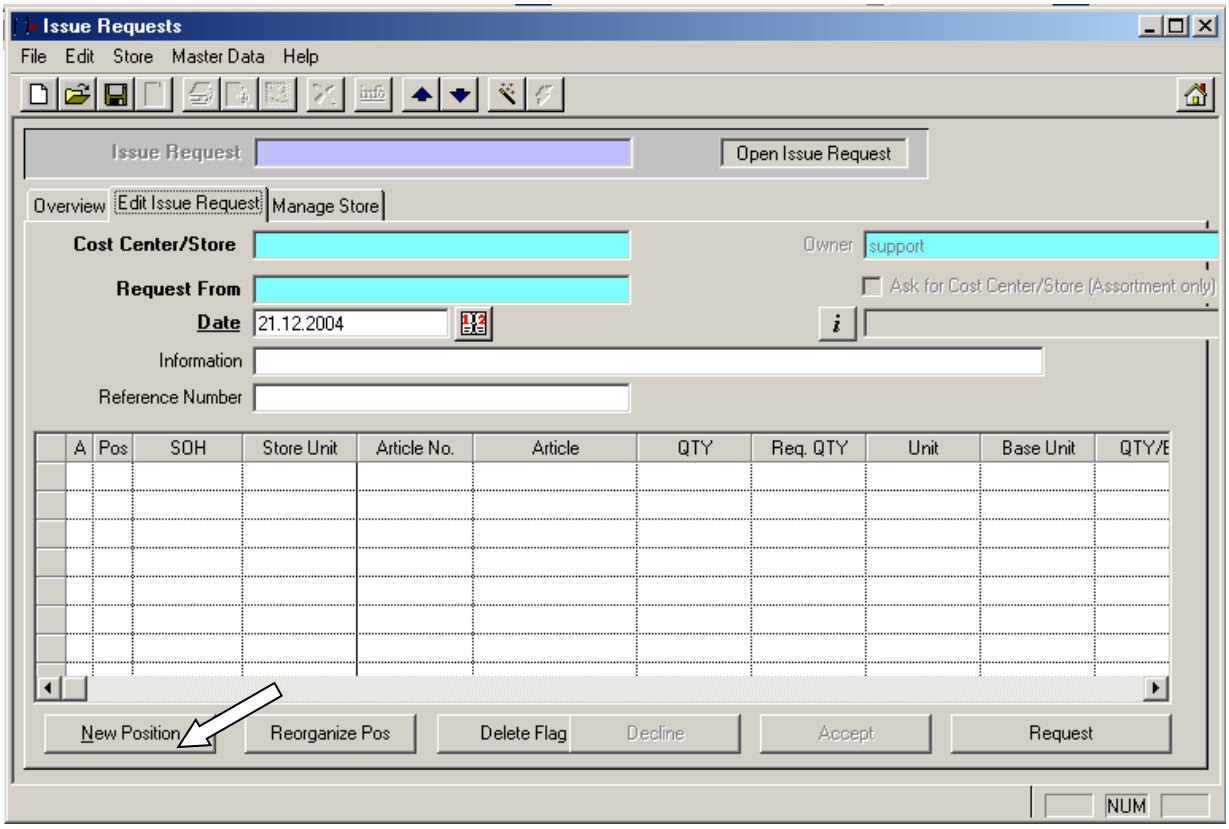

To make an issue request you need to open the Stores Module and click on the Issue request Icon. 

. The following screen will be displayed:

Click on the Edit Issue Request  tab (shown by the white arrow).

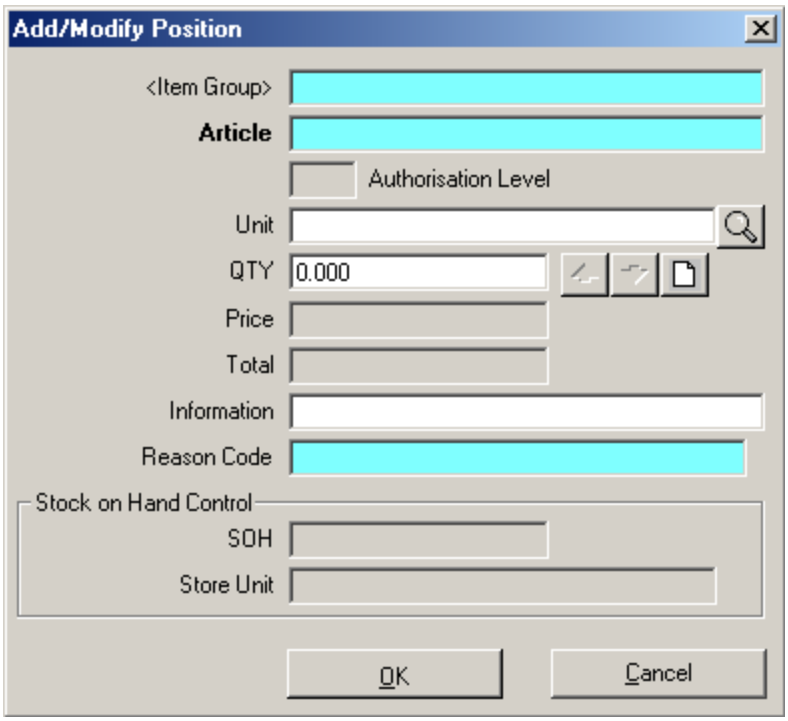

The screen Change to the Following Screen:

Cost Center/Store – Enter the requesting Department i.e. your Department

Request From – Enter the store you are requesting from i.e. Main store

Click on the '**New Position**'  icon and the following Screen will pop up:

<Item Group> – Enter the item group of the item you are requesting (this field is optional)

Article - Enter the name of the Article you are requesting

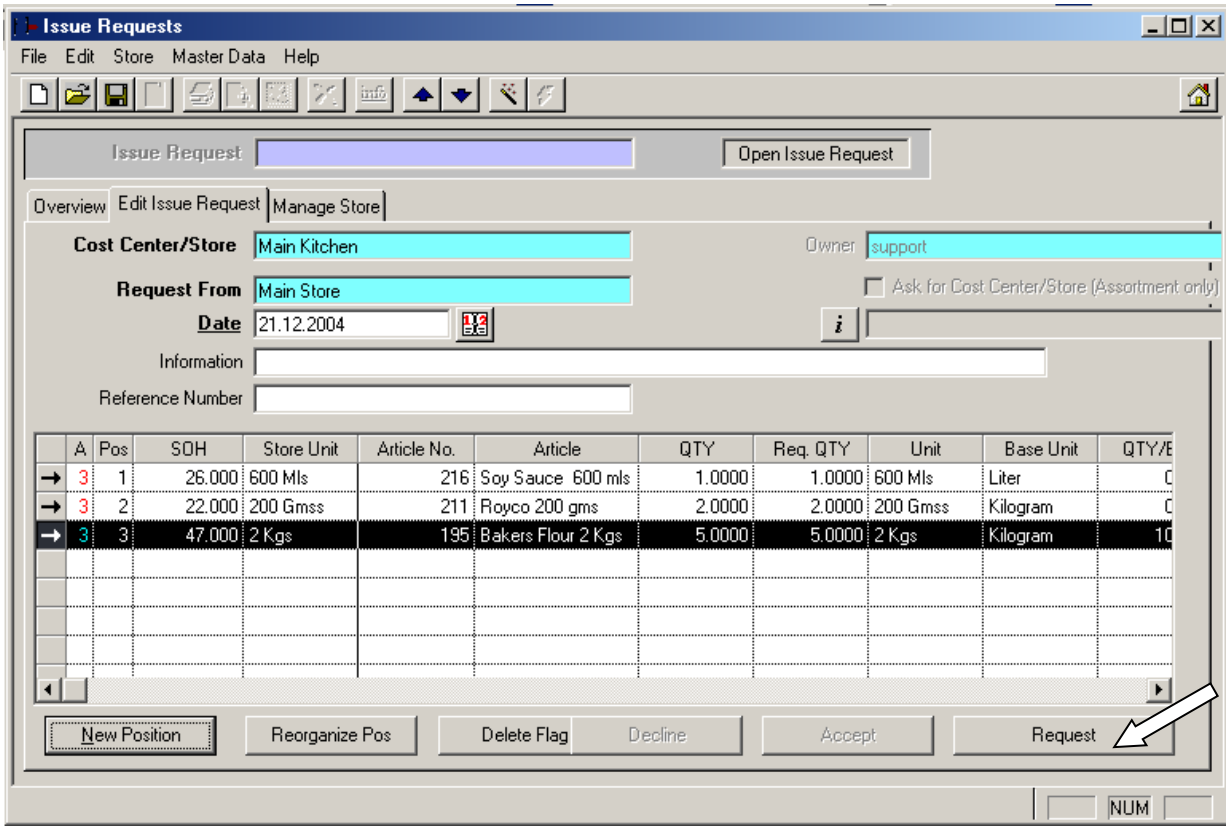

Unit – Enter the Units (This is defaulted to store unit)

Qty – Enter the quantity you are requesting.

Click Ok  icon to move to the next item.

Once all items are entered click on the Cancel  icon to clear the above screen.

The below screen will be left. It shows all the Items you have requested the requesting Department and the Store you are requesting from.

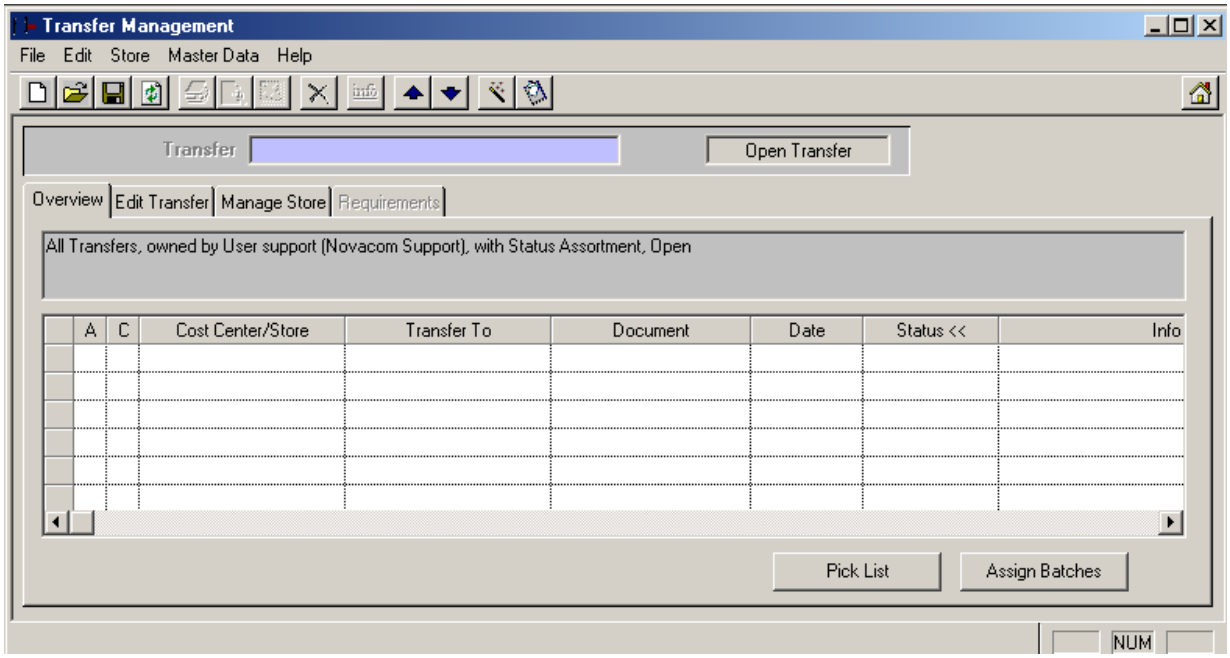

Now the request is ready. Click on the Request  icon to place your request.

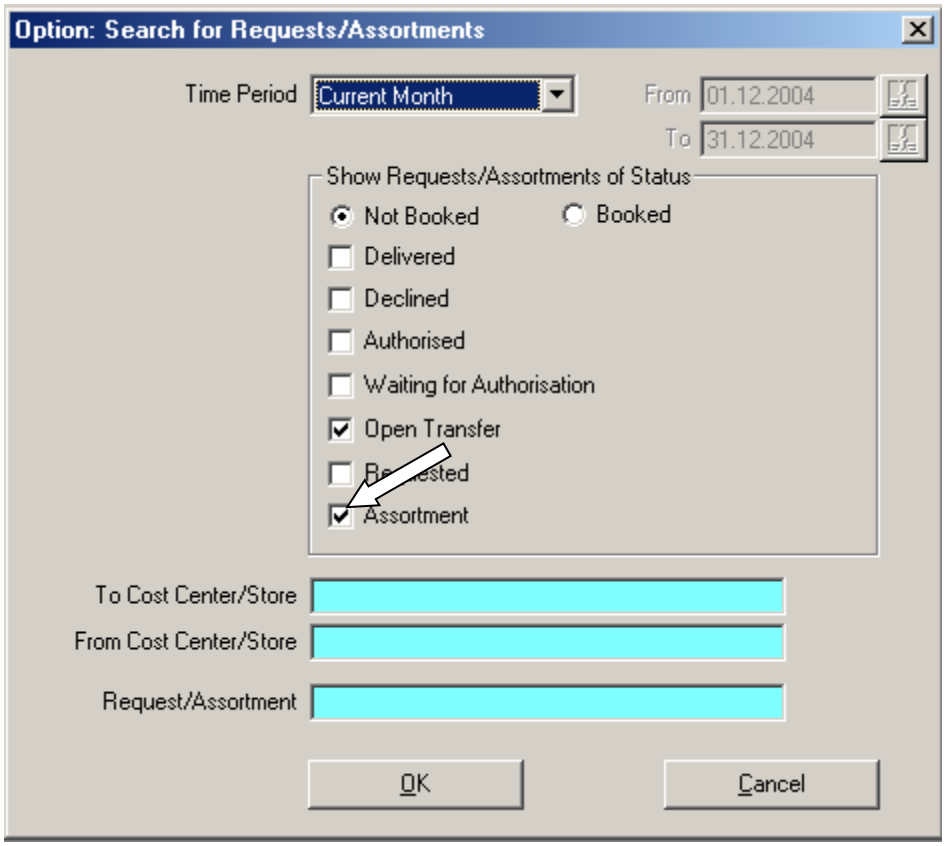

TRANSFER REQUESTED ITEMS

Once the Request is placed, the store keeper can now open it and issue the requested items. This is done by clicking on the Transfer 

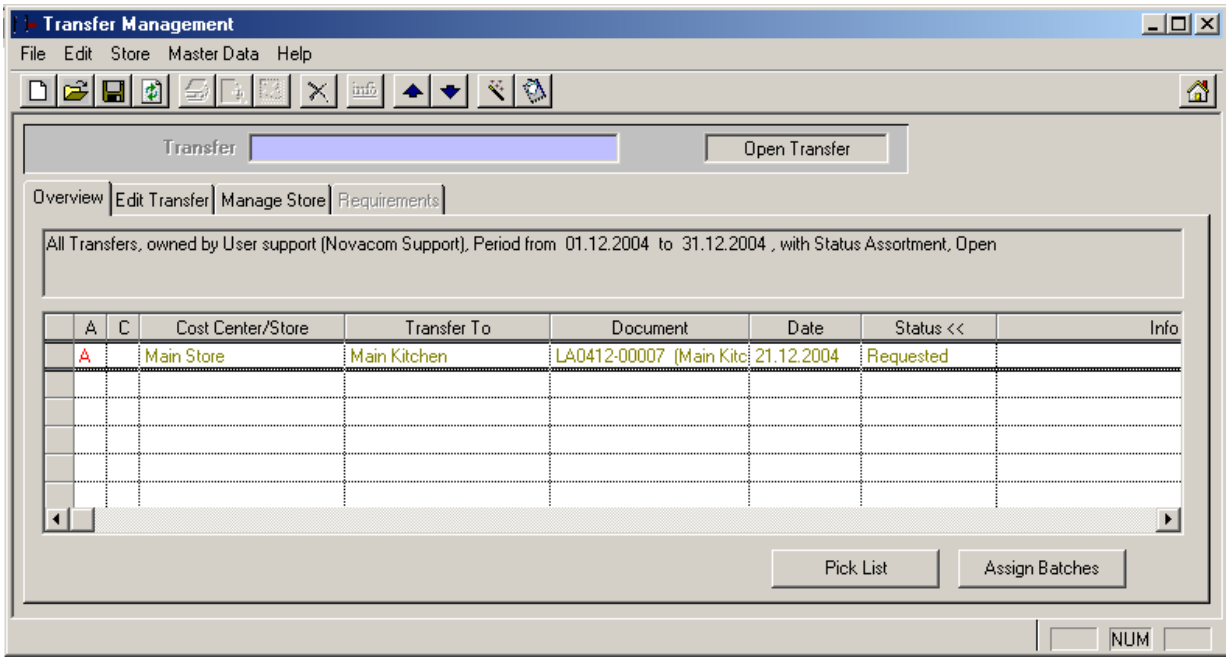

Icon on the Stores Module. The following screen will then be displayed.

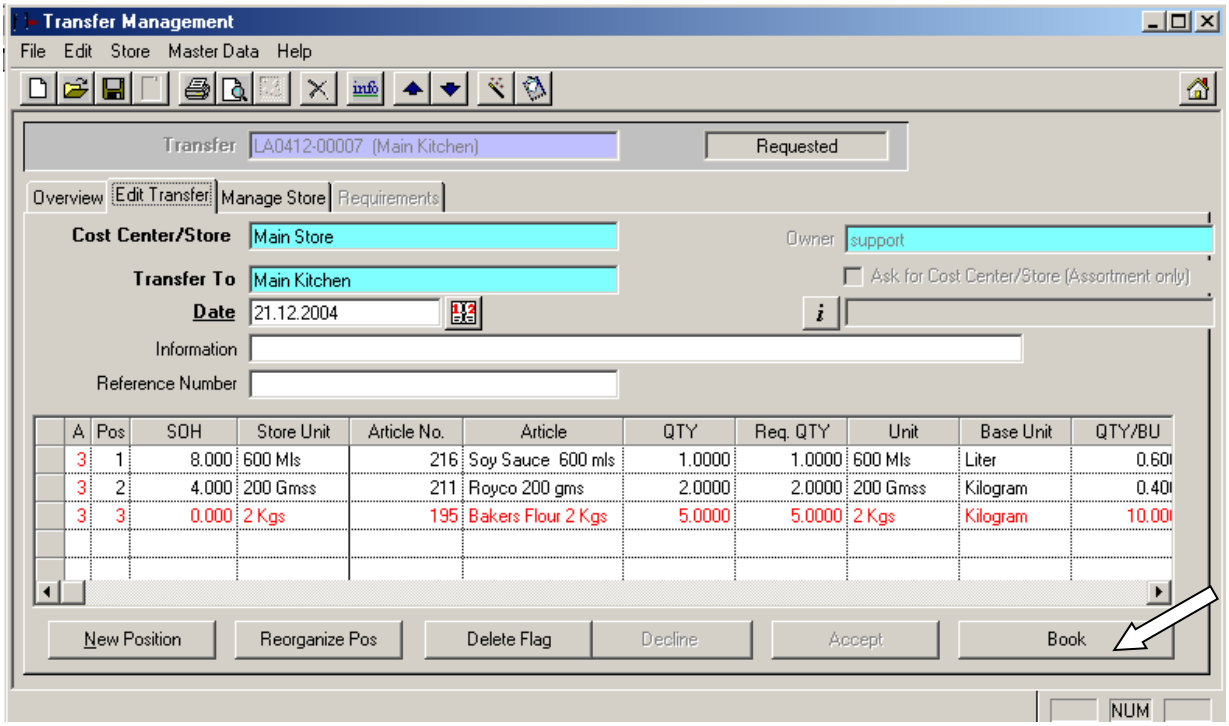

Click on the Open  Icon. The following will be displayed.

Tick on the Requested and click on the Ok  icon. All the requested Issues are displayed as shown. Select only the required issue request

Double click on the required request. All the request items will be displayed as shown on the next screen.

Any item displayed using red color means the stock in that store is less than the requested quantity. You need to reduce the requested quantity or cancel if the stock is Zero . Click of the QTY to change.

Now the transfer is ready. Once you issue the physical stock, click on the Book 

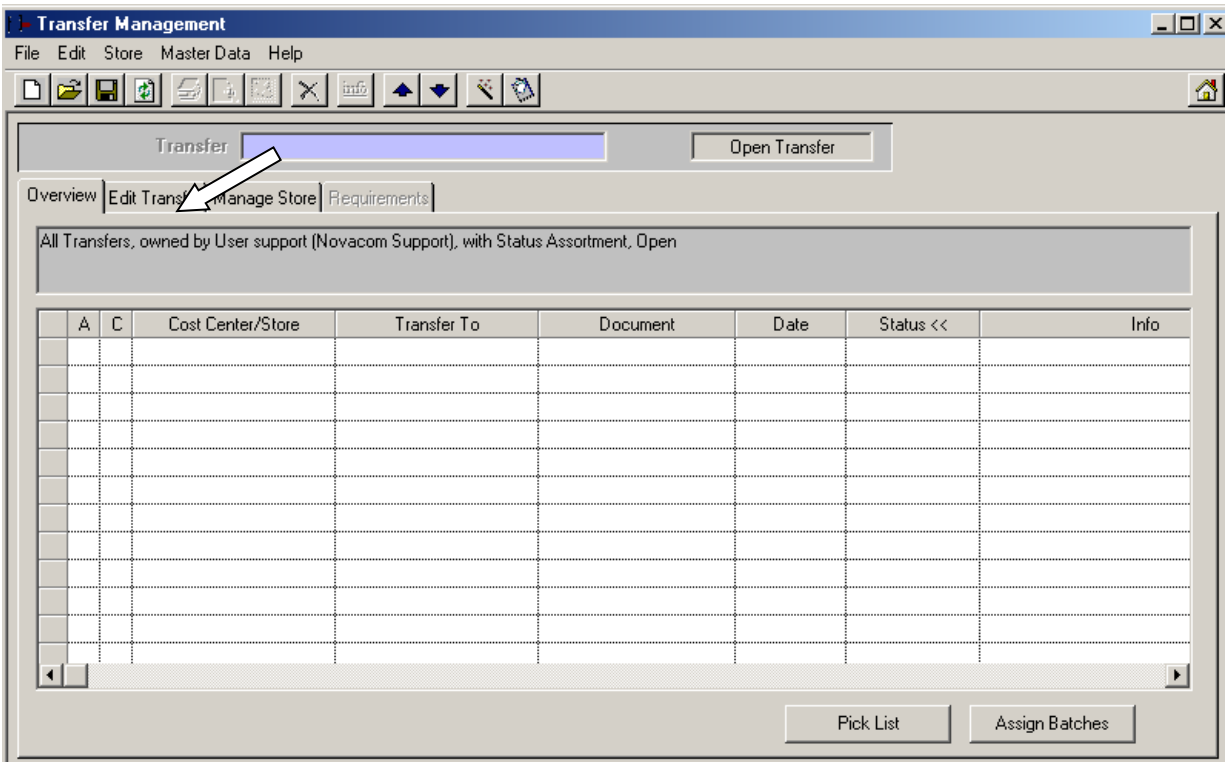

icon for the system transfer to take effect.

You can either View the transfer on the screen or print a hard copy.

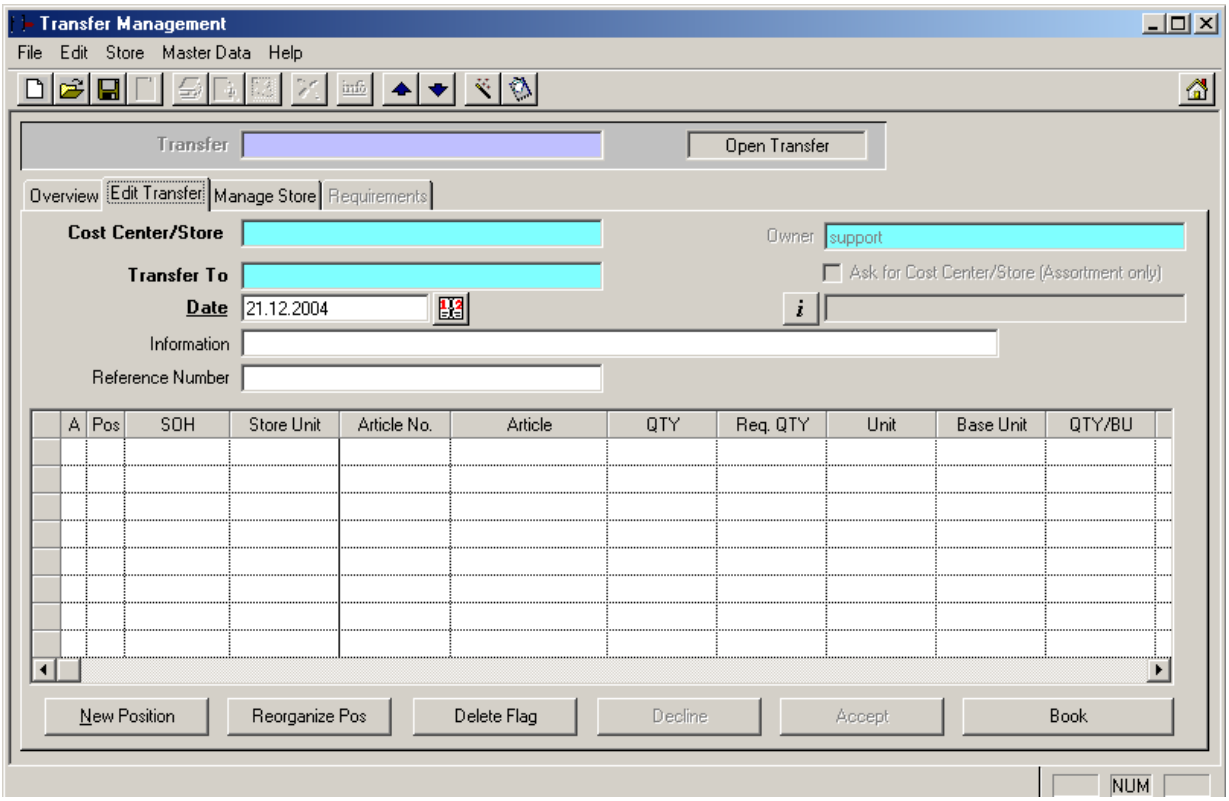

DIRECT TRANSFERS

This type of transfer does not require an issue request. To access this module click on the Transfer 

Icon and the following screen is displayed.

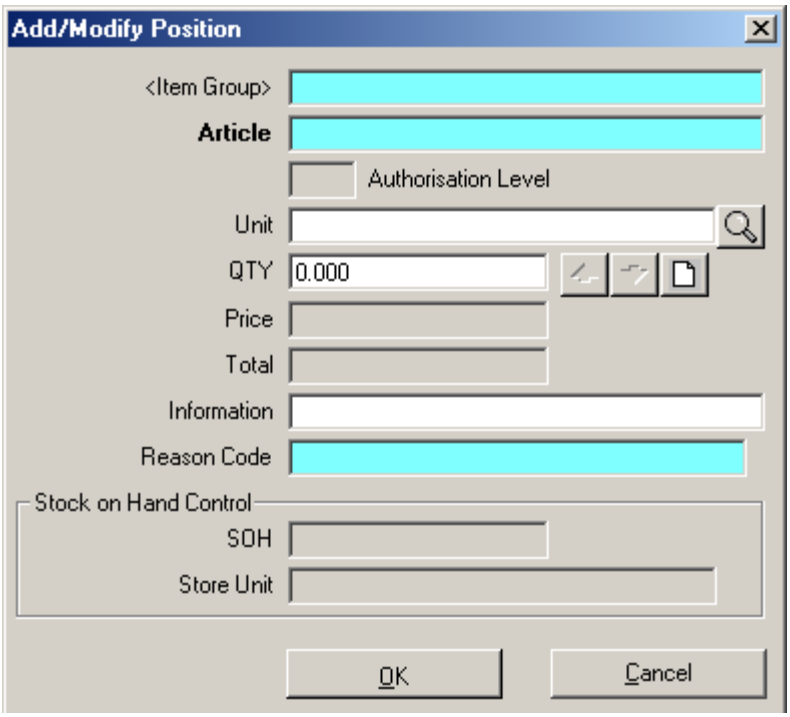

Click on the Edit Transfer  icon. The screen will change to the following screen

Cost Center/ Store – Enter the store you are transferring from. I.e. Main store

Transfer to - Enter the Department/ Store you are transferring to.

Then Click on the New Position  Icon. The following screen pops up.

Item Group – Enter the Item group of the Item to transfer (This field is optional)

Article – Enter the Item Name of the Item to Transfer.

Unit – Enter the Item unit (this field is defaulted to store unit)

QTY - Enter the Quantity to Transfer.

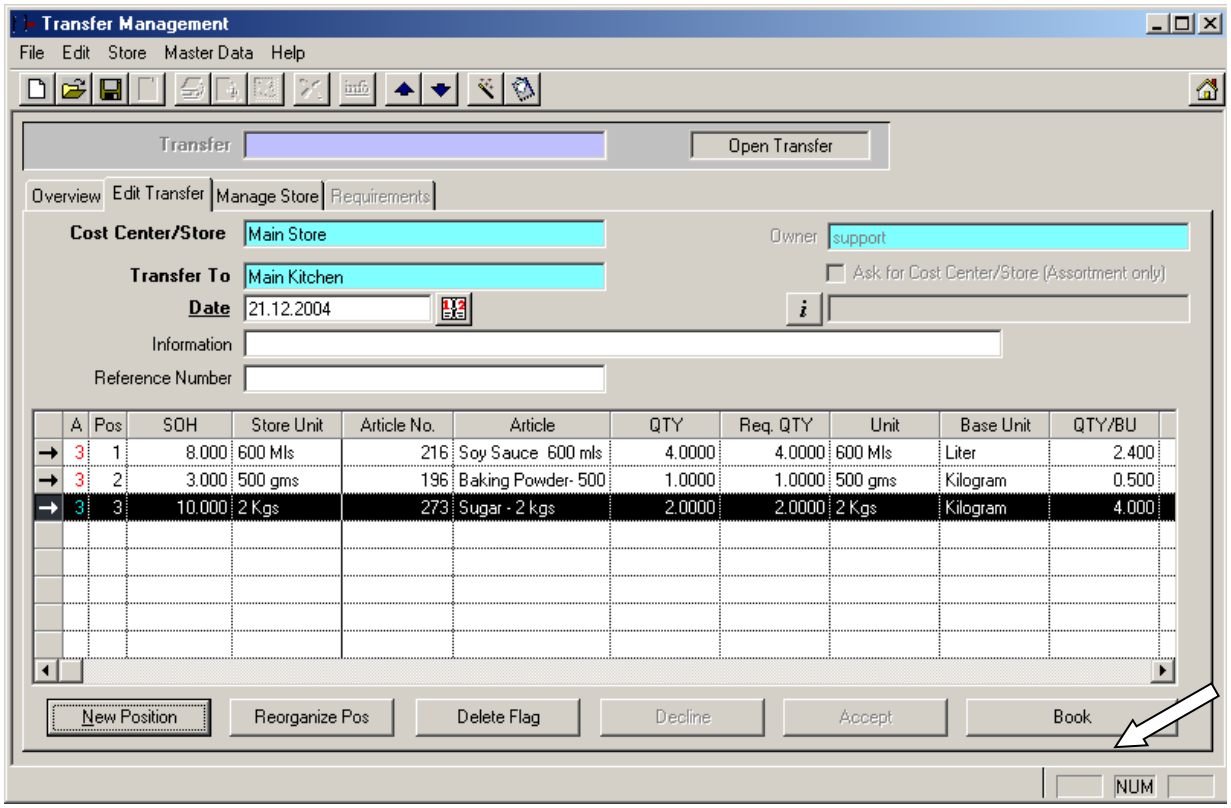

Click Ok 

icon the move to the next Item

Click Cancel 

icon to clear the above screen.

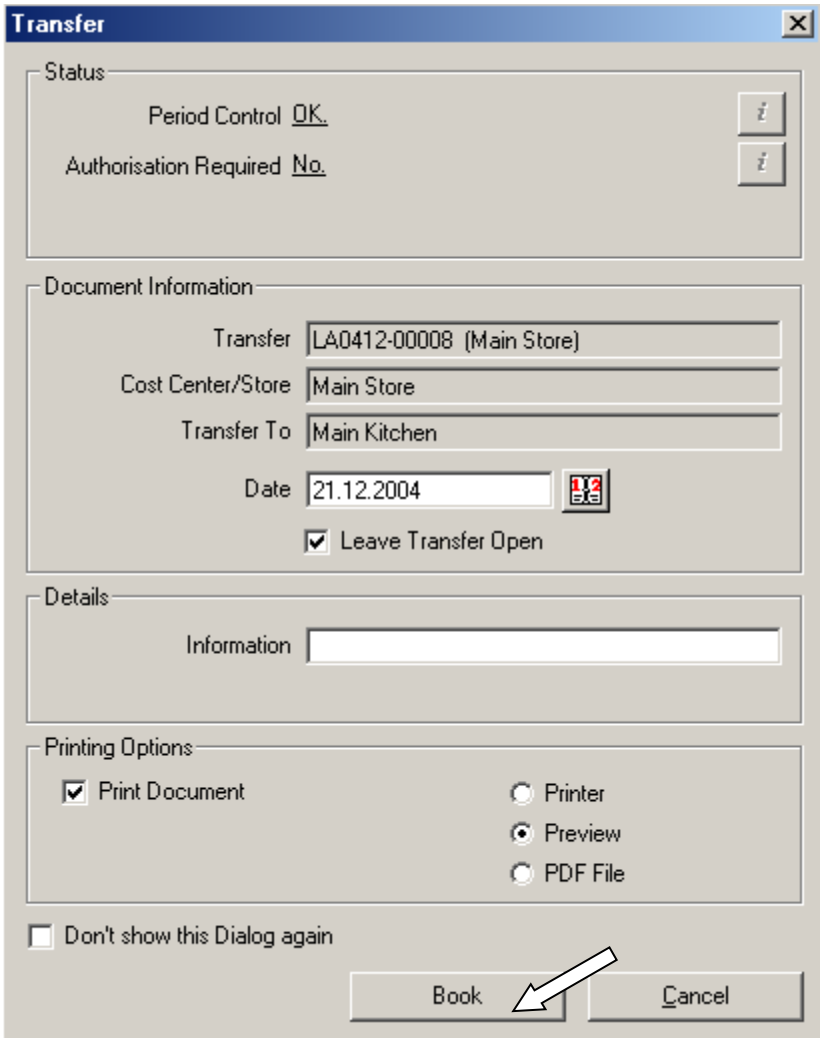

The below screen will be left. It will be showing the Store you are transferring from, Store/department you are transferring to and all the items to be transferred.

Now the Items are ready for transfer. To effect the transfer click on the Book

icon. The following screen is then displayed.

You can either view or print the transfer Document. To complete this process click on the Book  Icon.

Note:

A detail on how transfers and issues can be edited is not included on this document. It will be covered during training. This document covers the routine part only.
